ASPPA's courses are designed to convey the broad base of knowledge necessary for every retirement plan professional to master. Course materials aid in establishing groundwork in retirement plan terminology, issues, and requirements for individuals beginning a career, reentering the retirement field, or commencing the ASPPA credential process.

How the Webcourse Works

Each webcourse is offered online through the registered participant's ASPPA account. Each webcourse includes 7 webcourse sessions (unless otherwise noted) which represent the seven main topics covered by the complete webcourse. Each webcourse session is divided into two to four modules. Individual and classroom viewing single login with up to 6 months access registered participants will have up to 6 months to view the webcourses or June 30 (if registered for the 1st semester access period) or December 30 (if registered for the 2nd semester access period). Those registered for Classroom viewing for up to 12 months access will have until December 30, 2011 to access and view the webcourses. During these timeframes the webcourse modules can be viewed unlimited times.

Each webcourse contains a presentation; a companion file containing a downloadable version of the PowerPoint slides used by the instructor in the presentation, a set of clarifications (errata) of the instructor's comments/slides in the presentation; and an assessment review quiz designed to review concepts covered in the corresponding webcourse sessions. The assessment is a study tool only and does NOT constitute the ASPPA credentialing examination. Webcourse assessments must be submitted online by the webcourse access period deadline (at the deadline the assessments will no longer be available for you to access).

Access Information

Individual registrant - will receive access to the webcourse immediately by clicking on the Access Webcourses link on the right hand side of the Education & Publications page of the ASPPA Web site. Registrants will be prompted to enter his/her ASPPA User ID and Password (issued when registrant set up ASPPA account). An e-mail will be sent to the registered participant also detailing this link. Registered participants will have up to June 30 (if registered for the 1st semester access period) or December 30 (if registered for the 2nd semester access period) and during the timeframes can view the webcourse modules unlimited times.

Classroom viewing registrant - will receive one login for the webcourse. Access will be provided immediately by clicking on the Access Webcourses link on the right hand side of the Education & Publications page of the ASPPA Web site. Registrant will be prompted to enter his/her ASPPA User ID and Password (issued when registrant set up ASPPA account). An e-mail will be sent to the registered participant also detailing this link. The webcourse can be presented in a classroom style learning environment. Each module can be presented unlimited times during the access time period. Access to assessment quiz is only provided to the registered participant.
